

**Western  
Sydney  
Airport**

**Early earthworks**  
July-August 2019

## **Badgerys Creek Road and Elizabeth Drive, Badgerys Creek**

Dear neighbour,

Early earthworks for the Western Sydney International is continuing with the construction of a new, realigned section of Badgerys Creek Road between Elizabeth Drive and Longleys Road. This work includes:

- construction of a new roundabout on Elizabeth Drive
- bulk earthworks
- bridge works
- vegetation clearing
- asphalt works
- stockpile management

This work will be carried out during standard construction hours. Please see the map overleaf.

### **Upcoming out of hours work**

To minimise impacts to motorists, some night work will be required to complete asphalt resurfacing, repair works and line markings on Badgerys Creek Road, between Elizabeth Drive and the bridge past Jagelman Road. This work will take place over multiple shifts from **30 July to 31 August 2019 between 6pm to 6am**, weather permitting.

### **Traffic changes**

Temporary traffic changes such as intermittent stoppages will be in place during works to ensure the safety of motorists, residents and workers.

Speed limits may vary from time to time while construction is being carried out. Please keep to the speed limits and follow the direction of traffic controllers and signs.

As the Project site area is split by Badgerys Creek Road, any plant or machinery crossing the Road between the two sites is carried out under strict traffic control including using boom gates where required.

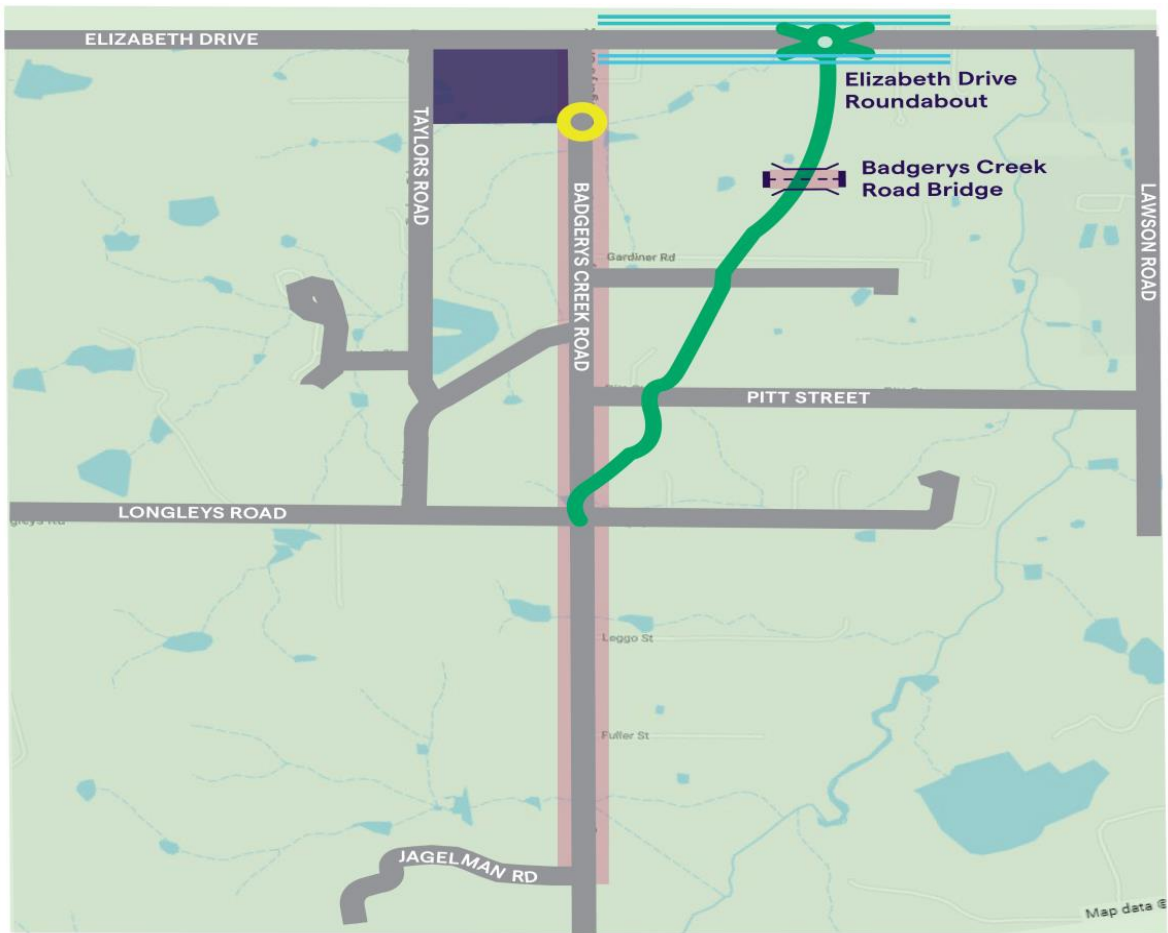

Traffic will be directed onto the new Badgerys Creek Road once completed.

Early earthworks are being carried out by the CPB Contractors and Lendlease Joint Venture (CPBLL JV) and are expected to be completed in 2020.

We look forward to working closely with our neighbours as we work to deliver Early earthworks for Western Sydney International and will continue to update you as work progresses with the construction of the Airport.

*Badgerys Creek Road Realignment at Elizabeth Drive, July 2019*
